

## **CERTIFICATE OF ANALYSIS**

Laboratory Salinen Austria AG

"PHARMASAL" – Chemically Pure Salt Sodium Chloride for pharmaceutical use, Natrii chloridum according to European Pharmacopoeia, BP, USP, JP

Lot number:

CRS190122

Retest date:

19.01.2025

Production date:

19.01.2022

23.01.2022

|  |             | Specification                        | Unit   | Result           | Unit   |
|--|-------------|--------------------------------------|--------|------------------|--------|
| Identification                               | Na+         | positive                             |        |                  |        |

| ppearance of solution                        |             | clear, colourless                    |        | conforms         | -      |
| cidity or Alkalinity                         |             | conforms                             |        | conforms         | _      |
| ccording to the regulations esidual Solvents |             |                                      |        |                  |        |
| ccording ICH-guideline                       |             | Impossible due to production process |        | conforms         | -      |
| acterial Endotoxins                          |             | < 5                                  | I.U./g | < 5              | I.U./g |
| AMC  |             | <= 10                                | CFU/g  | <= 10            | -      |
| YMC  |             | <= 10                                |        |                  | CFU/g  |
|  |             | ·- 10                                | CFU/g  | <= 10            | CFU/g  |

This lot conforms with the current Ph. Eur, USP, BP and JP monographs. In compliance with the guidelines on good manufacturing practice for active pharmaceutical ingredients (ICH Q7). Store in a clean and dry place, nmt. 70% rel. Humidity.

It is suitable for the use in the manufacture of injectable dosage forms, peritoneal dialysis solutions, hemodialysis solutions and hemofiltration solutions.
